GOLDEN WORDS

Don't get tried of doing unsuccessful efforts because sometimes the last key of the bunch opens the locks.

One impulse from a vernal wood may teach you more of man, of moral evil and of good, than all the sages can.

Worthless people live only to eat an drink and people of worth eat and drink only to live.

When you give more respect to someone in your life,you will lose your respect in his life.

A Good Excuse Not To Study.
It is my question from parents and teacher that
tell one where is the time to study in just 365
days? Read the following and answer me
Days in year = 365 days
Sunday in year = 52
And Sunday are meant for rest
Days left in year = 313 days
Winter Vacation = 15 days
Weather is cold, so it is difficult to study.
Days left in year = 298
Eight hours daily sleep = 122 days.
Sleep is necessary.
Days left in year = 176 days
One hour daily for play = 15 days
It is good for health
Days left in year = 161 days
Two hours daily for food = 30 days
Food is necessary to live
Summer Vacation = 100 days
Weather is so hot, so it is difficult to study.
Other holidays = 25 days
These one meant for enjoyment days
Left in year = 6 days
Illness at least once a year = 3 days
Days left in year = 0 days

So you can see that it is not our fault not to study.
Therefore you cannot blame us for not studying.
